Pro2Serve Announces Key Promotions

Oak Ridge, Tennessee, June 2009 – Professional Project Services, Inc. (Pro2Serve) announces the promotion of Raymond K. Alexander to Senior Vice President and Manager of its Engineering Division and the promotion of Douglas J. Allen to Senior Vice President and Manager of its Environmental Division.

A licensed Professional Engineer in Tennessee, Alabama, and Missouri, Mr. Alexander joined Pro2Serve in 2006 as Director of Design and was promoted to Vice President and Manager of Pro2Serve's Engineering Division in 2007. He has more than 30 years of experience in engineering, design, and construction. He is the former Manager of Nuclear Corporate Engineering Design for the Tennessee Valley Authority (TVA) where he spent 26 years.

In addition to his civilian career, Mr. Alexander retired in 2008 from the Navy Reserve, where he achieved the rank of Rear Admiral and served as the Deputy Chief of Civil Engineers and Deputy Commander for Contingency Engineering. He served in Iraq where he commanded the First Marine Expeditionary Force Engineer Group comprised of 2,000 Army, Navy, and Marine Engineers, and also served as the reconstruction manager for the City of Fallujah as well as the Al Anbar province.

As Pro2Serve's Environmental Division Manager, Mr. Allen, a graduate of the Georgia Institute of Technology, has over 30 years of operations experience handling and managing radioactive, mixed, and hazardous waste from decommissioning and decontamination of nuclear facilities at U.S. Department of Energy (DOE) and Defense (DoD) facilities. He has worked at several DOE National Laboratories including: Lawrence-Livermore, Los Alamos, Hanford, Brookhaven, Argonne, Idaho and Oak Ridge National Laboratory. Mr. Allen has provided senior level project management and guidance for complex, multi-task, DOE and DoD laboratory and defense department construction projects from the initial site assessment phase through final construction. He has managed hazardous waste site cleanup operations, remedial site restoration, land stabilization projects, procurement, competitive bidding, and negotiated contracts.

Pro2Serve (www.p2s.com) is a nationally-recognized technical and engineering services firm dedicated to providing critical infrastructure engineering services in support of our Nation's security. Pro2Serve provides innovative solutions to government and private industry on critical security, defense, facilities and infrastructure, nuclear nonproliferation, and environmental projects. *Engineering News-Record* named Pro2Serve as the 242nd largest design firm and the 15th largest manufacturing design firm in the nation for 2006. It was the only east Tennessee headquartered firm to make the list. Pro2Serve is also a two-time alumnus of the *Inc. 500*, a listing of the 500 fastest growing privately held companies in the United States. In addition to Tennessee, Pro2Serve has offices in California, Colorado, Idaho, Nevada, New Mexico, Ohio, South Carolina, Texas, and Washington, D.C.
